

MOBILE SOLUTIONS

MOBOSAT

Ku Solution

Virgin Technologies' most robust mobile satellite solution, Mobosat Ku is ideal for those needing high speed Internet and high-quality VoIP/phone/fax/VPN services from virtually anywhere in North America. Ideal for use at remote work camps, movable work sites, and on vehicles or other mobile units. Simply provide power and press the "Search" button to connect.

Simple Portability & Setup

FEATURES

SIMPLE PORTABILITY

- Weighing ~185lbs and measuring 75" L x 49" W x 14" H when stowed, MoboSat Ku is easy to travel with. Controller and connectors are neatly stowed in a lightweight pelican case.

HIGH SPEED INTERNET

- Speeds of up to 2000 kbps down and 512 kbps up (higher speeds available upon request). Powered by iDIRECT.

COMPLETE MOBILE OFFICE

- VoIP/Phone/Fax/VPN services, networking to support multiple PC's, simultaneous voice and broadband data, and support for video conferencing and surveillance.

SELF-ALIGNING SYSTEM

- MoboSat Ku automatically finds the satellite and connects, turning up to 365 degrees. It also automatically stows. No need to call a technician for moves or pointing.

COMPLETELY SECURE

- Connect seamlessly via your preferred VPN application over Virgin Tech's own secure, 24/7/365 monitored network, V-LINK.

BENEFITS

COVERAGE FAR BEYOND CELLULAR

- Improve productivity and safety when working, traveling or visiting remote areas. MoboSat Ku can find the satellite from fringe areas that smaller systems are unable to reach, offering complete coverage throughout most of North America.

SUPERIOR VOICE CLARITY WITH VoIP

- Enjoy natural conversation with minimal satellite delay.

QUICK & EASY TO USE

- Connect in less than 10 minutes with the push of a button.

EXTREMELY ROBUST

- Designed to operate in challenging environmental conditions from the high Arctic to the desert. 1.2m and 1.8m dish sizes.

THE V-LINK NETWORK

- Virgin Technologies' own satellite network, optimized for VoIP/Phone/Fax over satellite. Send emails, surf, talk or fax.

VIRGIN TECHNOLOGIES
innovative ways to make communication easy

MOBOSAT Ku SPECIFICATIONS

SERVICE & SUPPORT

Virgin Technologies provides FAST, QUALITY 24/7 technical support for issues relating to the equipment or installation work we've provided. We understand that your communications are important and we do our best to resolve issues quickly. We also offer extended warranties on hardware and same day/next day on-site service.

RENTALS

Telecommunication rentals are one of our most popular options. When capital expenditures, cost controls or convenience are important to you, rentals are a great alternative. We offer daily, weekly and monthly rates. Rental packages include professional setup, delivery and 24/7/365 technical support. Should anything go wrong, same day/next day on-site service is available. Call 1-866-788-8728 for pricing.
