On-Site Service Plans - Minimum One Year Term

Plan		Service Level	Days per Week	Hours per Day	Retail Price (1 Yr Term)
Premium	<input type="checkbox"/>	Four Hour Response	Mon. - Fri.	9:00 A.M. - 5:00 P.M.	\$1500 / yr
Critical	<input type="checkbox"/>	Four Hour Response	365 days a year	24 hours a day	\$3000 / yr

Response times commence when call centre issues On-Site Service work order. For Standard Plan work order must be issued by 1:00P.M. EST. & on-site service will be next business day or 48 hours-best efforts in some geographic areas. Service includes parts, labour and travel to Customer site experiencing equipment operation problems resulting from normal equipment use and instituting repairs to equipment by adjustments and/or parts replacement of Virgin Technologies customer premise equipment (CPE) which is under manufacturers warranty. If access to the site is not available for any reason outside of the technicians control then service will be provided on a best efforts basis. *On-Site Service not available in all areas. Contact Virgin Technologies for availability.

- All services are subject to a minimum one-year service term from the date of activation. The Communications Service offerings are priced as a flat fee per month with a monthly volume guarantee (MVG) as defined above. Virgin Technologies reserves the right to limit users to the applicable MVG ordered, through the application of various mechanisms, in the event that it deems, in its sole discretion, the excess usage to unduly congest the network.
- The Communications Services offered hereunder are designed for end user Internet access including email and web browsing. The Communications Services are not to be used for network infrastructure applications or media intensive content. Virgin Technologies reserves the right to limit or deny access for higher usage applications including, but not limited to, the following: Web hosting, Streaming services, Backbone connectivity, Internet POP connectivity, Peer to Peer file sharing (serving), Constant bit rate services.
- Virgin Technologies reserves the right to limit or deny access to traffic generated by malicious applications including but not limited to: Computer or network viruses, Trojan horses, Denial of Service attacks.

By signing this document, I confirm that the above information is accurate and I agree to the Virgin Technologies Terms and Conditions attached hereto.
